Supplementary Product Disclosure Statement

CFMG Equity and Income Funds Limited ACN 112 753 876, the holder of Australian Financial Services Licence (AFSL) no. 291390, is the responsible entity of CFMG Land and Opportunity Fund ARSN 602 610 006 (Trust).

This Supplementary Product Disclosure Statement ('**SPDS**') supplements the Product Disclosure Statement dated 15 October 2021 for the Trust issued by the Responsible Entity. Together, the PDS and this SPDS contain all of the information about the Offer of Class S Units ('**Grieve Road Units**') in the Trust and individual subclasses of those Class S Units (eg. S1, S2, etc, etc) .

Capitalised terms used in this SPDS have the meaning given to those terms as set out in the Glossary of the PDS.

Overview

The information presented below in this SPDS outlines an offer to acquire Grieve Road Units in the Trust to facilitate the Trust loaning up to \$7,000,000 to Grieve Road Rochedale Pty Ltd A.C.N 655 498 383 (**'Grieve Road SPV'**) to carry out the Property Development (**'Loan'**). The loan agreement between the Trust (as lender) and Grieve Road SPV (as borrower) (**'Loan Agreement'**) will require interest at the fixed rate of 13.02% per annum payable on the loan amounts advanced (**'Principal'**). The Principal advanced to Grieve Road SPV will be used to fund the Property Development.

The Property Development relates to the purchase of real property, comprising approximately 3.463 hectares, situated in Rochedale approximately 15 kilometres east of the Brisbane CBD (**'Property'**).

The Grieve Road SPV has contracted with the registered owner of the Property to pay \$8,500,000 (inclusive of any GST) with settlement due to be completed on 28 February 2022.

The Property is situated within the Brisbane City Council area and is zoned 'Emerging Community' and is located within the 'Very Low Density' residential precinct of the Rochedale urban community neighbourhood plan.

Subject to receipt of a development approval it is intended to develop the Property into approximately 10 residential allotments generally in accordance with the Concept Plan in this SPDS.

The Loan of up to \$7.0m to be advanced by the Trust to Grieve Road SPV is to be applied to the costs associated with payment of stamp duty on the purchase contract, towards payment of the purchase price to the registered owner of the Property under the purchase contract, towards the development costs associated with the Property Development and to funding associated working capital.

A fixed interest rate of 9.5% per annum on the Principal is contractually required to be paid to the Trust by Grieve Road SPV under the Loan Agreement.

The repayment of the Principal by Grieve Road SPV is to be paid on completion of the Property Development and sale of the Property. Please note that whilst Grieve Road SPV, upon repayment of the Loan is required to make an interest payment to the Trust calculated at 13.02% per annum on the Principal over the term of the Loan Agreement, the return is not guaranteed by the Responsible Entity, and Grieve Road SPV's ability to make these payments is totally dependent on successful completion of the Property Development and sale of the Property.

The Grieve Road Units have a targeted rate of return of 13.02% per annum, which is based on the fixed interest rate payable under the Loan Agreement by the Grieve Road SPV less the Asset Identification and Negotiation Fee, Management Fee and administrative fees and costs the Responsible Entity is entitled to be reimbursed for in operating the Trust.

The payment of any returns to Unit Holders are totally dependent on Grieve Road SPV meeting its interest and Principal repayment obligations. An interim distribution by the Trust is expected to be paid in June 2022. This interim repayment is intended to be funded by a component of the advanced Principal being retained by the Trust and not provided to Grieve Road SPV.

The Responsible Entity will waive payment of any fees and costs it is entitled to be reimbursed in the event the incurring of those fees and costs result in the Grieve Road Units not achieving the targeted return of 9.5% per annum.

The specific risks associated with this investment are disclosed in this SPDS. These risks should be read in conjunction with the risks disclosed in the PDS.

DETAILS OF GRIEVE ROAD PROPERTY DEVELOPMENT

Overview

Grieve Road SPV has contracted to purchase 3.463 hectares of land situated in Rochedale approximately 15 kilometres east of the Brisbane CBD ('Property').

The Property is situated within the Brisbane City Council area and is zoned 'Emerging Community' and is located within the 'Very Low Density' residential precinct of the Rochedale urban community neighbourhood plan.

Subject to receipt of a development approval it is intended to develop the Property into approximately 10 residential allotments generally in accordance with the Concept Plan in this SPDS.

The Locality

Located approximately 15 kilometres south-east of the Brisbane CBD the Property is located within the established residential suburb of Rochedale.

Development in the immediate area is comprised of larger lot subdivisions and rural residential allotments.

Adequate retail and commercial amenity is positioned within proximity to the Property within five kilometres.

The Rochedale Shopping Centre is approximately three kilometres to the south of the Property.

There are several local schools within five kilometres including Redeemer Lutheran College, Rochedale State School and Mansfield State High School.

Rochedale Town Centre (Coles)

Rochedale Central (IGA)

CFMG Capital previous completed project

The Property

The Property is situated at 645 Grieve Road, Rochedale QLD 4123 and is more particularly described as Lot 1 on RP 74043 and having certificate of title reference number 1264319.

Market Demographics

The residential vacant land market has entered a period of improved performance having benefited from the introduction of government incentives established in response to the effects of the coronavirus (COVID-19) outbreak. Incentives ceased in the first quarter of 2021, however market activity has remained strong and is expected to remain positive in the short to medium term.

Several macro level drivers are underpinning the current market conditions including record low interest rates, higher levels of household savings and demographic shift to lifestyle locations resulting in unprecedented interstate migration from New South Wales and Victoria into Queensland and historically low vacancy rates of 1.4% to September across Brisbane City.

Market conditions are buoyant across a variety of property segments with price growth for completed product evident in the subject catchment.

Demand for development sites is improving commensurate with the overall improvement of residential market conditions. Greater demand for residential stock in Queensland and strong price growth in 2021 bodes well for potential improvement in site values, albeit tempered by escalating construction costs.

Due to the current strong market conditions, englobed land remains tightly held, resulting in a lack of recent englobed land transactions in the surrounding locality and broader South East Queensland market. Subsequent to the strong revenue growth observed in 2021, anecdotal discussions with marketing agents and other industry participants indicate escalating site values are being observed for off-market transactions which are typically acquired via put and call option agreements or on delayed terms.

Road System and Access

Rochedale is an established residential location. The immediate surrounding locality of the Property is predominantly built out with established housing. There is limited supply of development land available to the wider market in Rochedale.

The Property has frontage to Grieve Road to the eastern boundary and Goodtown Street to the north-western corner.

Grieve Road is a two way bitumen sealed road which carries low volumes of local access traffic daily.

Goodtown Street is a two way bitumen sealed culdesac road with concrete kerbs and channels running from Grieve Road east to west to the cessation at the Property.

Purchase of the Property

The contract to purchase the Property between the Grieve Road SPV and the registered owner was entered into on 2 December 2021.

The registered owner of the Property is unrelated to the Grieve Road SPV, to CFMG Land Limited, to CFMG Capital Limited, to CFMG Equity and Income Funds Limited as Responsible Entity or any of their directors or shareholders.

The key commercial terms of the contract to purchase the Property are as follows:

- (a) Settlement is due to be completed on 28 February 2022;
- (b) the purchase price payable by Grieve Road SPV is \$8,500,000 (inclusive of GST); and
- (c) a deposit of \$425,000 has been paid by CFMG Land on behalf of Grieve Road SPV to the registered owners of the Property.

The Development Concept

The Concept Plan set out on page 15 of this SPDS illustrates the proposed development concept.

The proposed development is to comprise a total of approximately 10 residential allotments supporting roads and other services over a single stage.

The allotments proposed to be developed range from 1,934m² to 2,725m² with an overall average land area of approximately 2,027m².

The Property Development involves the development of the Property as residential allotments for on-sale as sites for residential housing.

Marketing and Distribution

The marketing strategy for the residential allotments is intended to include a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients.

It is proposed that the Grieve Road SPV will be direct marketing allotments through a project web site, real estate marketing sites and other media campaigns.

It is anticipated that marketing of the allotments will commence prior to commencement of the development works and will continue during construction with allotments to be pre-sold subject to titles being created.

While the Grieve Road SPV anticipates that the above marketing and distribution strategy is appropriate the directors of the Responsible Entity or the Grieve Road SPV are not able to forecast land sales prices or rates.

Sales rates and selling prices can be influenced by a number of factors which are outside the control of either the Responsible Entity or the Grieve Road SPV including property market conditions, supply and demand, interest rates and buyer sentiment.

Indicative Property Development Timing

Based on the likely time frames for development approval of the Concept Plan and then engineering plan approvals, it is currently anticipated that the construction works for the Property

Development could commence in or about February 2023 and the development could be completed by February 2024.

Marketing is anticipated to commence prior to the construction of the development works, with allotments to be pre-sold subject to titles being created and then continue following completion of the development works and titling process.

Provided that the key assumptions anticipated by the Grieve Road SPV hold true then the anticipated timing for the carrying out of the Property Development is expected to be as follows:

Settlement of Property	February 2022
Subdivision Works	February 2023 to August 2023
Registration of Allotments	September 2023
Settlement of Allotments	October 2023 to January 2024

* Dates indicative only and subject to change.

Whilst the above timing is how the Grieve Road SPV anticipates the Property Development could progress, there is no guarantee that the assumptions above will be met. The directors of the Grieve Road SPV are not able to forecast land sales rates or other delays which may be experienced with the timing of the Property Development.

Accordingly, the financial performance or returns which may be generated by the Grieve Road SPV is not guaranteed and an investment in the Loan is considered a speculative investment.

Property Development Finance

The Trust will contribute the capital raised by the issue of Grieve Road Units (less the amounts retained from the Principal to pay management fees to the Responsible Entity and to be applied to make the interim distribution in June 2022) to the Property Development by advancing the Principal under the Loan Agreement to Grieve Road SPV.

The Grieve Road SPV will apply the funds received from the Trust towards costs associated with payment of stamp duty on the purchase contract, towards payment of the purchase price to the registered owner of the Property under the purchase contract, towards the development costs associated with the Property Development, to repayment to CFMG Land Limited of the deposit of \$425,000 paid to the registered owner of the Property under the purchase contract and to funding associated working capital.

In addition to the amount raised through the Trust, it is anticipated that approximately a total of \$9.6m of debt finance is required in order to complete the Property Development.

Based on the experience of CFMG Land Limited as manager of the Grieve Road SPV in sourcing debt finance from major lending institutions on other similar projects Grieve Road SPV considers that debt finance can be secured and may be applied towards the development costs and other working capital for the Property Development. Based on that expectation the Grieve Road SPV considers that debt finance can be obtained to fund the development costs and other working capital to an amount up to 60% of the total assessed gross realisations from the Property Development.

It is anticipated the funding from a major lending institution will be subject to a number of terms and conditions. Whilst the Grieve Road SPV expects to satisfy the terms and conditions applying to the expression of interest, there is no guarantee that such conditions will be met.

LOAN AGREEMENT

Trust's investment in Grieve Road SPV is by way of the Loan Agreement.

The Loan Agreement sets out the terms on which the Trust loans the Principal to the Grieve Road SPV and the rights and obligations of the parties to that agreement.

The Loan Agreement also includes key matters such as the conditions precedent (and subsequent) to the Trust drawing down the advanced Principal to the Grieve Road SPV, undertakings by the Grieve Road SPV to the Trust, representations and warranties by the Grieve Road SPV and the terms of the operation of the Grieve Road SPV (including the interest entitlements under the Loan Agreement, the waterfall of payments relating to distribution of Property Development proceeds and other matters relating to the payment of funds by the Grieve Road SPV).

Key conditions precedent required before the Trust will draw down any Principal to the Grieve Road SPV under the Loan Agreement, include:

- approval by the board of the Responsible Entity to entry into and completion of the Loan Agreement;
- the grant of and entry into a general security over the Grieve Road SPV in favour of the Trust which ranks behind other lenders to Grieve Road SPV;
- receipt of an expression of interest from a secured funder to provide property finance and a construction debt facility to Grieve Road SPV outlining the terms and basis on which development finance may be provided to the Property Development on terms satisfactory to the Grieve Road SPV and the Responsible Entity;
- confirmation as to the status of the development approvals required to be able to carry out the Property Development to the satisfaction of the Responsible Entity; and
- receipt of an independent valuation confirming the value of the Property.

The Grieve Road SPV must not, without the Responsible Entity's prior written consent:

- create any liability by way of further financial indebtedness in relation to the Property Development (except in relation to the secured senior debt and the third party equity that may rank equally or take priority to the Loan Agreement with the Trust);
- create any mortgage, charge or other security interest affecting or relating to the Property Development (other than in relation to the construction debt facility for the Property Development);
- issue or redeem new shares or other securities in the Grieve Road SPV (other than in relation to raising the third party equity that ranks equally or take priority to repayment of the Loan)
- amend the management agreement with CFMG Land in a manner which materially impacts the Trust.

Under the Loan Agreement, the application by the Grieve Road SPV of surplus cashflow of the Grieve Road SPV is to be made in the following order:

firstly, to repay the secured funder and interest; then

secondly, to pay all taxes and other statutory imposts; then

thirdly, to pay all other outstanding costs, expenses and liabilities incurred in the operations of the Grieve Road SPV; then

fourthly, to pay any fees to CFMG Land for services provided to the Grieve Road SPV in accordance with the terms of the management agreement; then

fifthly, in respect of each tranche of the Principal drawn down, to repay that tranche of Principal to the Trust under the Loan Agreement; then

sixthly, to pay the interest to the Trust under the Loan Agreement (in respect of the corresponding tranche of Principal) until all Principal Interest has been paid Loan Agreement; then

finally, balance of Property Development profits to the Grieve Road SPV

(the "Property Development Cashflow Waterfall")

ABOUT THE LOAN AGREEMENT BETWEEN THE TRUST AND GRIEVE ROAD SPV

The Loan is to be made on the following basis:

Type of Loan	The Loan Agreement will be between the Trust and Grieve Road SPV .
Interest Payable	An interest payment of 13.02% per annum is payable in arrears (when the loan is repaid) on the Principal advanced under the Loan Agreement.
Distributions by the Trust	The Responsible Entity intends to make an interim repayment in June 2022 with the final distribution after the Grieve Road SPV repays the Principal and interest under the Loan Agreement
Voting Rights	There will be no entitlement to receive notice of, to attend or to vote at, any general meetings of the Grieve Road SPV or to vote on any written resolution of members of the Grieve Road SPV.
Property Development Cashflow Waterfall	Repayment of the Principal and interest under the Loan Agreement is subject to the Property Development cashflow waterfall set out in this SPDS.
Repayment Date	The Principal and interest in respect of each tranche drawn down under the Loan Agreement is repayable on the date which is twenty four (24) months after that tranche of the Loan funds are advanced or earlier at the election of the Grieve Road SPV (provided that such repayment will not occur until at least 12 months after the drawdown of the relevant Principal). The Responsible Entity may agree with the Grieve Road SPV to agree to extend a repayment date by up to 12 months.

FORECAST APPLICATION, SOURCES, INCOME AND DISTRIBUTION STATEMENT

The forecast application, sources, income and distribution statement assumes that capital of \$7.0 million is raised by the issue of Grieve Road Units. Set out below are the forecast application and sources of Trust funds together with the income and distribution statements of the Fund for the periods ending 30 June 2022, 30 June 2023 and 30 June 2024:

* The interim distribution of June 2022 will be funded by the Trust retaining an amount from the Principal advanced under the Loan Agreement. Whilst the Trust will be entitled to the full 13.02% per annum interest on the amount raised, the Principal proportion retained by the Trust will be sufficient to pay for the fees and expenses of the Trust and the interim distribution for financial year FY22. The final distributions for the financial year FY2024 will be totally dependent on the Grieve Road SPV complying in full and on time with its obligations under the terms of the Loan Agreement.

The forecast application, sources, income and distribution statement is provided for illustrative purposes only and is not represented as being

necessarily indicative of the Trust's future financial position or outcomes.

RISK FACTORS

All investments involve some risk, as investments can decline as well as increase in value.

Details of the risks relating to an investment in the Trust are set out in the PDS dated 15 October 2021.

Below are specific risks associated with an investment in Grieve Road Units

SPECIFIC RISKS

An investment in the offer of Grieve Road Units also involves specific risks relating to the Property Development to be carried out by the Grieve Road SPV which is the development of the Property. These risks are common when undertaking property development. By undertaking a process of due diligence, key Property Development risks are where possible identified and management strategies put in place. This reduces the risk that the Property Development will not perform as anticipated but does not eliminate all risk. Some of the key risks (and potential mitigating factors) are summarised below.

Before deciding whether to subscribe for Units, you should carefully consider the principal risks to which you are exposed and whether the purchase of Units is a suitable investment for you.

If you are in doubt as to whether you should apply for Units, you should first seek advice on the matters contained in this SPDS from a professional adviser.

RISK	RISK MANAGEMENT
Planning Risks There are risks associated with planning for the Property Development, particularly in relation to obtaining and satisfying conditions relating to a development approval.	<ul style="list-style-type: none">• Professional town planning consultants have been engaged by the Grieve Road SPV to advise in relation to the planning for the Property Development.• A subdivision concept plan has been prepared and tabled with the local authority at a pre-lodgment meeting who have confirmed support in principle to the proposed concept;• The subdivision concept plan produces an allotment yield of 10;• The subdivision concept plan is subject to approval by the local authority before the intended development in accordance with that concept plan is approved to be carried out.
Development Approval Risk There are risks associated with property development projects including in relation to obtaining a development approval and any resulting conditions	<ul style="list-style-type: none">• Professional town planning consultants have been engaged by the Grieve Road SPV to advise in relation to the planning for the Property Development.• A subdivision concept plan has been prepared and tabled with the local authority at a pre-lodgment meeting who have confirmed support in principle to the proposed concept;• The subdivision concept plan produces an allotment yield of 10;• The subdivision concept plan is subject to approval by the local authority before the intended development in accordance with that concept plan is approved to be carried out.
Market Risk The Property Development is exposed to changes in the supply and demand for residential dwellings and the values of residential dwellings.	<ul style="list-style-type: none">• A marketing strategy has been developed for the marketing and sale of the allotments intended to be developed in the Property Development.• Marketing is anticipated to commence prior to the construction of the development works, with allotments to be pre-sold subject to titles being created and then continue following completion of the development works and titling process.

<p>Market and Site Sentiment</p> <p>The residential market throughout the growth corridors in South East Queensland is in part driven by interstate and foreign investment as opposed to purely local market fundamentals.</p>	<ul style="list-style-type: none"> • A marketing strategy has been developed for the marketing and sale of the allotments intended to be developed in the Property Development. • Marketing is anticipated to commence prior to the construction of the development works, with allotments to be pre-sold subject to titles being created and then continue following completion of the development works and titling process. • The marketing strategy for the residential allotments is intended to include a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients. • It is proposed that the Grieve Road SPV will direct market allotments through a project web site, real estate marketing sites and other media campaigns.
<p>Sales Risk</p> <p>The price achieved for the sale of the residential allotments intended to be developed from the Property may be insufficient to deliver the interest payable and the repayment of the Principal under the Loan Agreement.</p>	<ul style="list-style-type: none"> • A sales and marketing strategy has been developed by the Grieve Road SPV which includes a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients. • It is anticipated that marketing of the allotments will commence prior to settlement of the purchase of the Property and will continue during development with allotments to be pre-sold subject to titles being created.
<p>Settlement Risk</p> <p>Once allotments are sold there is a risk that buyers do not settle on their purchase. There are risks associated with the validity and enforceability of the sales contracts and satisfying foreign investment laws and regulations. The sale and marketing to foreign buyers is considered to be a higher settlement risk than to domestic owner occupiers due to the lending criteria applied to different categories of buyers.</p>	<ul style="list-style-type: none"> • The marketing strategy for the residential allotments is intended to include a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients. • A law firm will be engaged to review and advise on the sale contracts and conveyancing process.
<p>Development Costs Risk</p> <p>Budgeted development costs may be materially different to actual costs incurred by the Property Development.</p> <p>Cost overruns or changes to anticipated costs may result in additional equity or debt funds being required, which may dilute or extinguish returns to Unitholders.</p>	<ul style="list-style-type: none"> • Grieve Road SPV has engaged professional engineering consultants to provide an opinion on costs for the Property Development. • It is anticipated that the civil contractor will enter into a fixed-time, fixed price construction contract with the Grieve Road SPV to reduce the risk to the Property Development.
<p>Additional Funding Risk</p> <p>Should the development costs increase, further debt and/or equity may be required to complete the Property Development.</p>	<ul style="list-style-type: none"> • Grieve Road SPV has engaged professional engineering consultants to provide an opinion on costs for the Property Development. • It is anticipated that the civil contractor will enter into a fixed-time, fixed price construction contract with the Grieve Road SPV to reduce the risk to the Property Development.
<p>Development Delay Risk</p> <p>If development is delayed, then this may lead to increased interest costs, reduced returns to Unitholders and a delay in those returns</p>	<ul style="list-style-type: none"> • It is anticipated that the Grieve Road SPV will seek to avoid delay risks in its construction contract with the civil contractor by entering into a contract which is fixed-time and fixed-price. • A delay in the settlement of the Property sales may have an adverse impact on the Project returns and ultimately the interest paid to Unitholders.

<p>Property Development Debt Financing Risk</p> <p>There are risks with raising the use of debt finance to fund part of the costs of delivering the Property Development. The use of debt funding can increase investment losses.</p> <p>The Grieve Road SPV has not yet secured debt funding for the Property Development.</p>	<ul style="list-style-type: none"> • A condition precedent to the Trust advancing any Principal under the Loan Agreement to Grieve Road SPV is that the Responsible Entity be satisfied with the basis on which development finance may be secured for the Property Development.
<p>Interest Rate Risk</p> <p>There are risks associated with increases in interest rates impacting the cost of anticipated borrowings over the term of the Property Development.</p>	<ul style="list-style-type: none"> • A condition precedent to the Trust advancing any Principal under the Loan Agreement to Grieve Road SPV is that the Responsible Entity be satisfied with the interest rate management on which development finance may be secured for the Property Development.
<p>Counterparty Risk</p> <p>There are risks associated with counterparties fulfilling their obligations including the potential for disputes between the Grieve Road SPV and the manager.</p>	<ul style="list-style-type: none"> • The principals of CFMG Land are experienced in managing the delivery of developments such as the Property Development and operating the Grieve Road SPV. • The Responsible Entity will closely monitor the progress of the Property Development.
<p>Conflict of Interest Risk</p> <p>There are risks associated with counterparties fulfilling their obligations including the potential for disputes between the Grieve Road SPV and the manager.</p>	<ul style="list-style-type: none"> • The Responsible Entity has a conflict of interest policy for dealing with conflicts of interest. • Should an event of default arise under the Loan Agreement and the Grieve Road SPV does not remedy that default then the Responsible Entity will and is required to take action to recover the money owed. • Both the Responsible Entity and its directors have a statutory duty to place the interests of Unitholders above their own interests where there is a conflict. • The Responsible Entity will keep the Unitholders informed of the actions being taken.
<p>Rectification Risk</p> <p>Upon the completion of the Property Development, there are risks associated with defects in the residential allotments requiring rectification which may prove costly.</p>	<ul style="list-style-type: none"> • Under the intended form of civil construction contract, the obligations of rectification works will rest with the contractor. • The Grieve Road SPV is intended to have recourse to the contractor's bank guarantees to use towards rectification costs should the contractor not meet its obligations.
<p>Documentation Risk</p> <p>The interlocking arrangements involved in the Property Development and arrangements between the Trust and the Grieve Road SPV are governed by a set of legal documents and contracts which include the Loan Agreement and Corporate Project and Asset Management Agreement. The risk of dispute over the interpretation or enforceability of the documentation may have a materially negative impact on the Property Development and distributions under the Grieve Road Units.</p>	<ul style="list-style-type: none"> • The Responsible Entity will engage professional advisers including in the fields of law to assist in interpreting the agreements.
<p>Risk arising out of or exacerbated by COVID 19</p> <p>The uncertain economic outlook arising out of the COVID 19 outbreak and the effect that it may or will have on matters concerning some of the specific areas of risk discussed above (including adverse market sentiment, lessened demand and sales, settlement risk, and funding risk) may have negative impact on the Property Development, the Loan Agreement and distributions under the Grieve Road Units.</p>	<ul style="list-style-type: none"> • There is no way of determining the extent if any, to which COVID 19 will exacerbate or heighten these specific areas of risk (discussed above) due to the uncertainty as to the impact, extent and duration of conditions caused by COVID 19

TOWN PLANNING ASSESSMENT

Professional town planning consultants have been engaged by the Grieve Road SPV as the consulting town planners for the Property Development.

The directors of the Responsible Entity note that:

- a. The Property is situated within the Brisbane City Council area and is zoned 'Emerging Community' and is located within the 'Very Low Density' residential precinct of the Rochedale urban community neighbourhood plan;
- b. A subdivision concept plan has been prepared and tabled with the local authority at a pre-lodgment meeting who have confirmed support in principle to the proposed concept plan;
- c. The subdivision concept plan produces an allotment yield of 10 allotments; and
- d. The subdivision concept plan is subject to approval by the local authority before the intended development in accordance with that concept plan is approved to be carried out.

ENGINEERING ASSESSMENT

Professional engineering consultants have been engaged by the Grieve Road SPV to advise on the civil engineering, budgeted development costs, civil design and the servicing and development requirements for the Property.

The directors of the Responsible Entity are satisfied that in their opinion that there are existing services available to the Property or close to the Property to provide connections to storm water drainage, water reticulation, electricity and telecommunications.

Mains sewer is not connected to the Property. The proposed development will incorporate an onsite septic tank for each allotment and an on site stormwater runoff pit solution. Both of these sewer and storm water solutions are not uncommon for large format residential subdivisions.

RELATED PARTY ARRANGEMENTS

CFMG Land and the Grieve Road SPV are each related parties of the Responsible Entity as they share common directors with the Responsible Entity.

A common risk of related party transactions is that in the event of default, the Responsible Entity (or the Grieve Road SPV) may not enforce its rights against a related party. See sections 3, 9.17 and 9.18 of the PDS for information about our Conflicts Policy that governs the related party transactions we may enter.

Should an event of default arise under the Loan Agreement and the Grieve Road SPV does not remedy that default the Responsible Entity will take action to recover the money owed. Both the Responsible Entity and its directors have a statutory duty to place the interests of Unitholders above their own interests where there is a conflict. The Responsible Entity will keep the Unitholders informed of the actions being taken.

The Responsible Entity has not sought member approval to transact with the Grieve Road SPV. The intended terms of the Loan Agreement has been benchmarked to market and are in line with industry practice. On this basis, the directors of the Responsible Entity are satisfied the terms of the Loan Agreement are on terms no less favourable than they would have been had the terms been negotiated between non-related entities dealing at arms length.

CONSENTS

The following parties have given and not withdrawn their consent to be named in this SPDS in the form and context in which they are named:

- a. Grieve Road Rochedale Pty Ltd A.C.N 655 498 383; and
- b. CFMG Land Limited ACN 127 663 414.

Taxation

The following is a general summary of the expected taxation consequences for Unitholders, in holding Units in the Trust. The Responsible Entity is not licensed to provide taxation advice and cannot provide advice to specific Unitholders, Unitholder should seek advice on the taxation consequence of their investment which takes into account their personal circumstances, from a suitably qualified adviser.

On the basis that the sole activity and income of the Trust will be the granting of debt funding via Loan to the Grieve Road SPV, the Trust should qualify as a 'flow through' trust for taxation purposes.

Under the terms of the Constitution of the Trust, the Responsible Entity must distribute the 'distributable income' of the Trust to Unitholders each year. Accordingly where the Trust has recognised income in excess of expenses for a year Unitholders should have an entitlement to their respective share of the net (taxable) income of the Trust at year end.

In such cases taxation will not be payable at the Trust level but rather each Australian Resident Unitholder will be subject to tax on their share of the net (taxable) income of the Trust, and will be required to include this in their own returns.

The Loan Agreement between the Grieve Road SPV and the Trust will be classified as debt for taxation purposes and any interest payable on the Loan will retain that character for Australian income tax purposes.

The Trustee would normally be assessed and pay tax on behalf of unitholders of the Trust who are not resident in Australia for tax purposes in respect of each non resident unitholder's share of the net (taxable) income. However, where the sole income derived by the Trust is interest, the Trustee will instead deduct interest withholding tax (generally, at a rate of 10%) from interest paid to non-resident unitholders as a final tax.

Unitholders that are tax residents, or are otherwise subject to taxation in other countries, should seek specific advice from a qualified advisor on foreign taxation implications.

The Responsible Entity will provide Unitholders with a tax statement after the end of each financial year.

THESE INSTRUCTIONS ARE CROSS REFERENCED TO EACH SECTION OF THE FORM

1. UNITHOLDER NAME

Individuals	Give full name – not initials
Person under the age of 18	Use name(s) of parent(s) or guardian(s) e.g. John Smith <Sam Smith A/C>
Companies	Use company title e.g. John Smith Pty Limited as well as inserting ACN
Trusts	Use the name of the Trustee and name of Trust e.g. John Smith Pty Limited <Smith Family Trust A/C>
Superannuation Trusts	Use the name of the Trustee and name of Trust e.g. John Smith Pty Limited <Smith Super Trust A/C>

If the Unitholder is acting as a trustee, ensure the full name of the trust or fund is included in the Unitholder's description. If the trust or fund is not Australian based, identify the country in which the trust or fund was established in 'Trust Details'.

In 'Trust Details' or in an accompanying page, also insert any ABN allocated to the trust or fund and add identifying wording to identify:

1. the ARSN, if the trust or fund is ASIC registered; or
2. if the trust or fund is an ATO Self Managed Superannuation Trust, and if so, insert 'SMSF'; or
3. if the trust or fund is regulated by APRA, and if so, write 'APRA Regulated' and the APRA registration number; or
4. if none of these categories apply, insert 'Other' and applicable descriptions, such as 'Family Discretionary Trust', 'Unit Trust' or 'Other'.

For the box headed 'Controllers of company Unitholder', please supply full names of shareholders who hold more than 25% of the shares in the Company, together with their percentage holding. This information is only needed for Australian proprietary limited companies. Attach a separate page if insufficient space.

If the company Unitholder is a foreign company, but is a majority owned subsidiary of an Australian listed company, insert in the box headed: 'Controllers of company Unitholder' – words of or to the effect of 'Controlled by listed Australian company'.

If a foreign company is the Unitholder, but the company is not registered with ASIC, specify on the form or on an accompanying page if it is a public or private company, its country of origin, any identifying number similar to an ACN or ARBN and its principal business address in its country of origin. If the Applicant is a foreign private company, supply the full name of every director on an accompanying page.

If the Applicant is an association, the full names of members of its board or governing committee need to be included on an accompanying page.

If the Applicant is a registered cooperative, the full names of its chairman, secretary or equivalent officer needs to be supplied on an accompanying page.
