## Supplementary Product Disclosure Statement

This Supplementary Product Disclosure Statement ('SPDS') supplements the Product Disclosure Statement dated 25 January 2018 for the Trust issued by the Responsible Entity. Together, the PDS and this SPDS contain information about the Offer of Class H Units ('Koplick Road Units') in the Trust.

Capitalised terms used in this SPDS have the meaning given to those terms as set out in the Glossary of the PDS.

CFMG Equity and Income Funds Limited ACN 112 753 876, the holder of Australian Financial Services Licence (AFSL) no. 291390, is the responsible entity of CFMG Land and Opportunity Fund ARSN 602 610 006 (Trust).

# Overview

---

The information presented below in this SPDS outlines an offer to acquire Koplick Road Units in the Trust to facilitate the Trust investing in a minimum of 250,000 and a maximum of 3,000,000 unsecured notes issued by Koplick Developments Pty Ltd A.C.N 632 881 353 ('**Koplick Road SPV**'). The unsecured notes have a fixed return of 15.6% per annum. Money raised by the issue of the unsecured notes will be used by the Koplick Road SPV to fund the Property Development.

The Property Development relates to the purchase of real property, comprising approximately 4.953 hectares (with 4.736 hectares being useable) and paying \$5,400,000 with settlement due on 26 September 2019.

Koplick Road SPV intends to develop the Property into 89 residential allotments, supporting roads and other services generally in accordance with the Concept Plan in this SPDS.

The Property has the benefits of an existing development approval authorising the development of the Property into the 89 residential allotments. The funding of up to \$3,000,000 to be contributed by the Trust in exchange for the issue of the unsecured notes is to be used for the costs associated with funding the purchase deposit paid to the Seller of the Property, the costs associated with payment of stamp duty on the purchase contract, the costs of carrying out due diligence, the costs of obtaining the operational works approvals and for part of the working capital associated with the Property Development.

A fixed return of 15.6% per annum is required to be paid to the Trust by Koplick Road SPV on the unsecured notes.

The distribution and redemption of the unsecured notes is to be paid on completion of the Property Development and sale of the completed lots. Please note that whilst Koplick Road SPV, upon the redemption of the unsecured notes is required to make an interest payment to the Trust calculated at 15.6% per annum over the term of the issue of the unsecured notes, the return is not guaranteed by the Responsible Entity, and the Koplick Road SPV's ability to make these payments is (subject to the subscription money being retained by the Responsible Entity) totally dependent on successful completion of the Property Development and sale of the developed lots.

The Koplick Road Units have a fixed rate of return of 12.0% per annum, which is based on the fixed return payable on the unsecured notes to be issued by the Koplick Road SPV less the Asset Identification and Negotiation Fee, Management Fee and administrative fees and costs the Responsible Entity is entitled to be reimbursed for in operating the Trust. The payment of any returns are totally dependent on Koplick Road SPV meeting its interest and repayment obligations. An interim distribution by the Trust is expected to be paid in June 2020 and June 2021. This distribution will be funded by subscription money retained by the Trust and not provided to Koplick Road SPV.

The Responsible Entity will waive payment of any fees and costs it is entitled to be reimbursed in the event the incurring of those fees and costs result in the Koplick Road Units not achieving the return of 12.0% per annum.

The specific risks associated with this investment are disclosed in this Supplementary Product Disclosure Statement. These risks should be read in conjunction with the risks disclosed in the PDS.

## DETAILS OF KOPLICK ROAD SPV (SPV DEVELOPER)

Koplick Road SPV is a special purpose vehicle incorporated for the sole purpose of acquiring the Property and carrying out the Property Development.

Koplick Road SPV was incorporated in Queensland on 12 April 2019 as a proprietary company and currently has two directors serving on its board. Scott Watson and Ross Stiles. Details of each of these directors are set out in section 2 of the PDS.

The Koplick Road SPV, pursuant to a management agreement, will draw on the resources of CFMG Land Limited ACN 127 663 414 ('CFMG Land') for project management functions and administrative and company secretarial functions.

The directors serving on the board of CFMG Land are Scott Watson, Jason Matigian, Wayne Hamburger and Ross Stiles.

## DETAILS OF KOPLICK ROAD SPVS CORPORATE AND PROJECT MANAGEMENT

CFMG Land provides management and administrative services to the Koplick Road SPV and is also the project manager of the Property Development for the Koplick Road SPV.

CFMG Land will earn management fees as set out below.

### Project Management Fees

The Koplick Road SPV has agreed to pay CFMG Land a project management services fee in consideration for CFMG Land endeavoring to do all things it may deem necessary, prudent and desirable for carrying out the efficient, businesslike and proper management of the Property Development.

The project management fee:

- a. comprises an amount equal to 2.0% plus GST of the gross sales price received by the Koplick Road SPV from any sale and/or similar transaction relating to the Property; and
- b. is payable on the date of settlement of the sale by the Koplick Road SPV of any allotment developed or created from the Property.

### Company and Asset Management Services Fee

The Koplick Road SPV has agreed to pay CFMG Land a company and asset management services fee in consideration for CFMG Land endeavoring to do all things it may deem necessary, prudent and desirable for carrying out the efficient and proper management of the Koplick Road SPV, the Property and the Property Development.

The company and asset management fee:

- a. comprises an amount equal to 3% plus GST of the gross sales price received by the Koplick Road SPV for any sale and/or similar transaction in respect of the Property; and
- b. is payable by the Koplick Road SPV as lot sales are finalised.

### Company Secretarial Services Fee

The Koplick Road SPV has agreed to pay CFMG Land a company secretarial services fee in consideration for CFMG Land endeavoring to do all things it may deem necessary, prudent and desirable for carrying out the efficient administration of the Koplick Road SPV's secretarial affairs.

The company secretarial services fee:

- a. is \$60,000 plus GST per annum (on a pro-rata basis); and
- b. is payable monthly on a pro-rata basis in arrears.

The Koplick Road SPV must reimburse CFMG Land for any:

- a. disbursements paid or incurred by CFMG Land in the course of performing its duties under the management agreement; and
- b. disbursements or payments made by CFMG Land on behalf of the Koplick Road SPV in respect of the acquisition of the Property, the capital raising and administration of the Koplick Road SPV not otherwise covered by the management agreement.

## DETAILS OF KOPLICK ROAD PROPERTY DEVELOPMENT

### Overview

The Koplick Road SPV has contracted to purchase 4.953 hectares of land in Park Ridge situated approximately 28 kilometres south of the Brisbane CBD ('Property').

It is intended that the Property be developed into 89 residential allotments, supporting roads and other services generally in accordance with the Concept Plan in this SPDS.

The Property has the benefits of an existing development approval authorising the development of the Property into the 89 residential allotments.

### The Locality

Located 28 kilometres south of the Brisbane CBD, the Property is intended to provide a range of new housing opportunities.

Park Ridge is a predominantly acreage/rural residential suburb. The area is transitioning from acreage style uses to an urban footprint (traditional subdivisions), with several subdivisions currently under construction within the immediate vicinity.

St. Philomena Private Catholic School is located approximately 100 metres to the east of the Property and a number of large master planned estates are located in the surrounding locality.

The Property is situated with proximity to all necessary amenities including retail, education, child care, public transport, sporting amenities and parks.

### The Property

The Property is situated at 87-93 Koplick Road and 94-104 East Beaumont Road, Park Ridge and is more particularly described as lot 15 on RP899708 and lots 100 and 101 on SP181808.

### Market Demographics

The state of the residential market in South East Queensland is characterised by improving economic conditions and a stable residential real estate market where sentiment varies depending on location, product and local supply and demand.

Residential estates in the major growth corridors have witnessed the 'ripple effect' whereby demand has increased over the past 36 months as a result of improved confidence in the market, greater demand from owner occupiers and the relative affordability in outer lying locations compared to inner city locations.

This is particularly noticeable in middle to outer ring suburbs and areas situated within and adjacent to established and major master planned communities (eg Springfield and Northlakes), which are underpinned by easy access to public transport nodes, well serviced by shopping facilities and other essential services, and proximity to employment and education hubs such as universities and hospitals.

In line with increased sales volumes and competition for sites we are also witnessing strong price growth for development sites in the local area.

The Property has been identified to capitalise on the potential from the increase in demand.

### Concept Plan

## Infrastructure

A total of \$394.3 million of major infrastructure projects are under construction, planned or recently completed across the Logan Local Government Area.

The largest project in the planning is the \$200 million Logan Central Master Plan which will be a purpose built precinct comprising commercial buildings, schools, retail, health and social services, along with retirement, aged care and residential buildings of five to eight storeys around a central town square.

The recently completed expansion and refurbishment to the Logan Hospital has taken it from a 48 bed hospital in 1990 to a 316 bed hospital catering for the growing resident population and making it a significant employer in the area.

In addition to this, infrastructure contributions associated with residential uses in the Park Ridge Master Plan could attract around \$280 million which will be used to further enhance amenity and infrastructure in the area.

## Purchase of the Property

The contract to purchase the Property between the Koplick Road SPV and the registered owner was entered into on 16 April 2019.

The key commercial terms of the contract to purchase the Property are as follows:

- the contract for sale is due to settle on 26 September 2019;
- the price payable by the Koplick Road Park SPV under the contract is \$5,400,000;
- a non-refundable deposit of \$270,000 was paid to the registered owners.

The deposit paid pursuant to the terms of the contract of sale was paid by CFMG Land on behalf of the Koplick Road SPV and is intended to be repaid to CFMG Land from the funds raised under this offer of Koplick Road Units.

## The Development Concept

The Concept Plan set out on page 7 of this SPDS illustrates the proposed development concept.

The Property has the benefits of an existing development approval authorising the development of the Property into 89 residential allotments.

The allotments proposed to be developed range from 350m<sup>2</sup> to 494m<sup>2</sup> with an average land area of approximately 373m<sup>2</sup>. The Property Development involves the development of the Property as residential allotments for on-sale as sites for residential housing.

## Marketing and Distribution

The marketing strategy for the residential allotments is intended to include a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients.

It is proposed that the Koplick Road SPV will be direct marketing allotments through a project web site, real estate marketing sites and other media campaigns.

It is anticipated that marketing of the allotments will commence prior to settlement of the purchase of the Property and will continue during construction with allotments to be pre-sold subject to titles being created.

While the Koplick Road SPV anticipates that the above marketing and distribution strategy is appropriate the directors of the Responsible Entity or the Koplick Road SPV are not able to forecast land sales prices or rates.

Sales rates and selling prices can be influenced by a number of factors which are outside the control of either the Responsible Entity or the Koplick Road SPV including property market conditions, supply and demand, interest rates and buyer sentiment.

## Indicative Property Development Timing

Based on the likely time frame for engineering plan approvals, it is currently anticipated that the construction works for the Property Development could commence shortly after settlement of the purchase of the Property and the Property Development could be completed by December 2020.

Marketing is anticipated to commence prior to the construction of the development works, with allotments to be pre-sold subject to titles being created and then continue following completion of the development works and titling process.

Provided that the key assumptions anticipated by the Koplick Road SPV hold true then the anticipated timing for the carrying out of the Property Development is expected to be as follows:

Settlement of Property	September 2019
Stage 1 - Subdivision Works	December 2019 to May 2020
Stage 1 - Registration of Allotments	June 2020
Settlement of Stage 1 Allotments	July 2020 to September 2020
Stage 2 - Subdivision Works	July 2020 to December 2020
Stage 2 - Registration of Allotments	January 2021
Settlement of Stage 2 Allotments	February 2021 to May 2021

\* Dates indicative only and subject to change.

Whilst the above timing is how the Koplick Road SPV anticipates the Property Development could progress, there is no guarantee that the assumptions above will be met. The directors of the Koplick Road SPV are not able to forecast land sales rates or other delays which may be experienced with the timing of the Property Development.

Accordingly, the financial performance or returns which may be generated by the Koplick Road SPV is not guaranteed and an investment in the unsecured notes to be issued by Koplick Road SPV is considered a speculative investment.

## Property Development Finance

The Trust will contribute the capital raised by the issue of Koplick Road Units (less the amounts retained from the subscription price to pay management fees to the Responsible Entity and to be applied progressively to make the interim distribution of June 2020 and June 2021) to the Property Development by taking up unsecured notes to be issued by Koplick Road SPV.

The Koplick Road SPV will apply the funds received from the Trust to refunding to CFMG Land the deposit paid to the Seller of the Property, the costs associated with payment of stamp duty on the purchase contract, the costs associated with carrying out due diligence, the costs associated with obtaining the operational works approvals and for working capital associated with the Property Development.

In addition to the amount raised through the Trust, it is anticipated that approximately a total of \$2.0m in third party equity will need to be contributed together with approximately \$5.0m of debt finance to complete the Property Development.

Based on the experience of CFMG Land Limited as manager of the Koplick Road SPV in sourcing debt finance from major lending institutions on other similar projects the Koplick Road SPV considers that debt finance can be secured and may be applied towards the funding of part of the purchase price to be paid for the Property and the development costs for the Property Development.

## PLANNED FURTHER CAPITAL RAISING BY KOPPLICK ROAD SPV

In the immediate future, the Koplick Road SPV will need to raise further funds to complete the contracts for the purchase of the Property.

Specifically, the Koplick Road SPV will require funds of at least \$5.4m to fund the purchase price to be paid for the Property from the Seller in September 2019.

In addition to the amount raised through the Trust the Koplick Road SPV intends to raise a minimum of \$2.0m in third party equity by the issue of further unsecured notes which may rank ahead of the Trust and to secure debt finance to complete the purchase of the Property.

**The abovementioned information is important. This offer of Koplick Road Units should be considered a highly speculative investment opportunity. Completion of the purchase of the Property from the sellers of the Property (and the development of the Property Development) is dependent on both the securing of debt finance and the raising of at least \$2.0m in third party equity to fund payment of the purchase price for the Property.**

If the further capital raising is not successful, the Property Development is unlikely to proceed and Koplick Road SPV would be unable to redeem the unsecured notes issued to the Trust in turn meaning the Koplick Road Units may have minimal or little value.

That said, the directors of the Responsible Entity do not intend to allow the Trust to subscribe for the notes unless the directors are satisfied the third party funding has been secured (and all of the other conditions precedent referred to in the Subscription Agreement have been satisfied, as discussed below). That is, the Trust's investment in the Koplick Road SPV is not intended to proceed unless the directors are satisfied that all those matters have been adequately addressed.

## SUBSCRIPTION AGREEMENT

The Trust's investment in the Koplick Road SPV is by way of a subscription agreement. Upon entering into the subscription agreement the Trust will be issued with unsecured notes issued by Koplick Road SPV.

The subscription agreement sets out the terms on which the Trust subscribes for and is issued the unsecured notes and the rights and obligations of the parties to that agreement.

The subscription agreement also includes key matters such as the conditions precedent (and subsequent) to the Trust subscribing for the unsecured notes, the Trust's step in rights, undertakings by the Koplick Road SPV to the Trust, representations and warranties by the Koplick Road SPV and the terms of the unsecured notes (including the interest entitlements attached to the unsecured notes, the waterfall of payments relating to distribution of Property Development proceeds and other rights attaching to the unsecured notes).

Key conditions precedent required before the Trust will subscribe for the unsecured notes issued by Koplick Road SPV under the subscription agreement, include:

- approval by the board of the Responsible Entity to entry into and completion of the subscription agreement;
- the grant of and entry into a general security over the Koplick Road SPV in favour of the Trust which ranks behind other lenders to Koplick Road SPV;

- receipt of an expression of interest from a secured funder to provide property finance and a construction debt facility to Koplick Road SPV outlining the terms and basis on which development finance may be provided to the Property Development on terms satisfactory to the Koplick Road SPV and the Responsible Entity;
- confirmation as to the status of the development approvals required to be able to carry out the Property Development to the satisfaction of the Responsible Entity; and
- receipt of an independent valuation confirming the value of the Property.

Should the Koplick Road SPV default under the subscription agreement (or the management agreement with CFMG Land) and not remedy the default, the Trust may (subject to the rights of the other lenders) exercise step in rights.

The Koplick Road SPV must not, without the Responsible Entity's prior written consent:

- create any liability by way of further financial indebtedness in relation to the Property Development (except in relation to the secured senior debt and the third party equity that may rank equally or take priority to the unsecured notes to dividends and/or on winding up);
- create any mortgage, charge or other security interest affecting or relating to the Property Development (other than in relation to the construction debt facility for the Property Development);
- issue or redeem new shares or other securities in the Koplick Road SPV other than in relation to raising the third party equity that ranks equally or takes priority to the unsecured notes to dividends and/or on winding up; or
- amend the management agreement with CFMG Land in a manner which materially impacts the Trust.

Under the subscription agreement, the application by the Koplick Road SPV of surplus cashflow of the Koplick Road SPV is to be made in the following order:

**firstly**, to repay the secured funder and interest; then

**secondly**, to pay all taxes and other statutory imposts; then

**thirdly**, to pay all other outstanding costs, expenses and liabilities incurred in the operations of the Koplick Road SPV (including fees payable to CFMG Land for services provided in accordance with the terms of the management agreement); then

**fourthly**, to pay interest and redeem any unsecured notes issued that rank ahead of the unsecured notes held by the Trust;

**fifthly**, to redeem unsecured notes, pari passu amongst the holders of any other unsecured notes issued by Koplick Road SPV that rank equally with the unsecured notes held by the Trust; then

**sixthly**, to pay the interest payments on the unsecured notes, pari passu as between the holders of all unsecured notes in the Koplick Road SPV that rank equally with the unsecured notes held by the Trust; then

**finally**, balance of Property Development profits to the Koplick Road SPV.

## ABOUT THE UNSECURED NOTES ISSUED BY KOPLICK ROAD SPV

The unsecured notes are to be issued on the following basis:

<b>Issue Price</b>	\$1.00 per unsecured note.
<b>Type of notes</b>	The notes are unsecured and issued by Koplick Road SPV.
<b>Interest Payable</b>	An interest payment of 15.6% per annum is payable in arrears on the notes held by the Trust.
<b>Distributions by the Trust</b>	The Responsible Entity intends to make an interim distribution in June 2020 and June 2021 with the final distribution once the notes are redeemed by Koplick Road SPV.
<b>Voting Rights</b>	There will be no entitlement to receive notice of, to attend or to vote at, any general meetings of the Koplick Road SPV or to vote on any written resolution of members of the Koplick Road SPV.
<b>Property Development Cashflow Waterfall</b>	Repayment of the unsecured notes is subject to the Property Development cashflow waterfall set out in page 9 of this SPDS.
<b>Redemption Date</b>	Each unsecured note issued to the Trust is redeemable on the date which is thirty (30) months after the issue of the notes or earlier at the election of the Koplick Road SPV (provided that such redemption will not occur until at least 12 months after the note is issued). The Responsible Entity may agree with the Koplick Road SPV to agree to extend the redemption date by up to 12 months.
<b>Redemption Price</b>	\$1.00 per unsecured note

## FORECAST APPLICATION, SOURCES, INCOME AND DISTRIBUTION STATEMENT

The forecast application, sources, income and distribution statement assumes that capital of \$3.0m is raised by the issue of Koplick Road Units.

Set out below are the forecast application and sources of Trust funds together with the income and distribution statements of the Fund for the periods ending 30 June 2020, 30 June 2021 and 30 June 2022:

Surplus/shortfall	\$3,201,600.00	\$3,487,200.00		

\* The interim distribution of June 2020 will be funded by the Trust retaining an amount from the subscription price for the unsecured notes. Whilst the Trust will be entitled to the full 15.6% per annum interest on the amount raised, the funds retained by the Trust will be sufficient to pay for the fees and expenses of the Trust and the interim distribution for the financial year FY20. The final distributions for the financial year FY2022 will be totally dependent on the Koplick Road SPV complying in full and on time with its obligations under the terms of the unsecured notes.

The forecast application, sources, income and distribution statement is provided for illustrative purposes only and is not represented as being necessarily indicative of the Trust's future financial position or outcomes.

## RISK FACTORS

All investments involve some risk, as investments can decline as well as increase in value. Details of the risks relating to an investment in the Trust are set out in the PDS dated 25 January 2018.

Below are specific risks associated with an investment in Koplick Road Units.

### Specific Risks

An investment in the offer of Koplick Road Units also involves specific risks relating to the Property Development to be carried out by the Koplick Road SPV which is the purchase and development of the Property. These risks are common when undertaking property development. By undertaking a process of due diligence, key Property Development risks are where possible identified and management strategies put in place. This reduces the risk that the Property Development will not perform as anticipated but does not eliminate all risk. Some of the key risks (and potential mitigating factors) are summarised below.

Before deciding whether to subscribe for Units, you should carefully consider the principal risks to which you are exposed and whether the purchase of Units is a suitable investment for you.

If you are in doubt as to whether you should apply for Units, you should first seek advice on the matters contained in this SPDS from a professional adviser.

RISK	RISK MANAGEMENT
<b>Planning Risks</b> There are risks associated with planning for the Property Development, particularly in relation to obtaining and satisfying conditions relating to a development approval.	<ul style="list-style-type: none"><li>The Property has the benefits of an existing development permit being in place to authorise the development of the Property into 89 residential allotments.</li></ul>
<b>Development Approval Risk</b> There are risks associated with property development projects including in relation to obtaining a development approval and any resulting conditions.	<ul style="list-style-type: none"><li>The Property has the benefits of an existing development permit being in place to authorise the development of the Property into 89 residential allotments.</li></ul>
<b>Market Risk</b> The Property Development is exposed to changes in the supply and demand for residential dwellings and the values of residential dwellings.	<ul style="list-style-type: none"><li>A marketing strategy has been developed for the marketing and sale of the allotments intended to be developed in the Property Development.</li><li>Marketing is anticipated to commence prior to the construction of the development works, with allotments to be pre-sold subject to titles being created and then continue following completion of the development works and titling process.</li></ul>
<b>Market and Site Sentiment</b> The market for medium to large subdivision sites is considered to be at, or near its peak. The residential market throughout the growth corridors in South East Queensland is in part driven by interstate and foreign investment as opposed to purely local market fundamentals.	<ul style="list-style-type: none"><li>A marketing strategy has been developed for the marketing and sale of the allotments intended to be developed in the Property Development.</li><li>Marketing is anticipated to commence prior to the construction of the development works, with allotments to be pre-sold subject to titles being created and then continue following completion of the development works and titling process.</li><li>The marketing strategy for the residential allotments is intended to include a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients.</li><li>It is proposed that the Koplick Road SPV will direct market allotments through a project web site, real estate marketing sites and other media campaigns.</li></ul>
<b>Sales Risk</b> The price achieved for the sale of the residential allotments intended to be developed from the Property may be insufficient to deliver the return on the unsecured notes.	<ul style="list-style-type: none"><li>A sales and marketing strategy has been developed by the Koplick Road SPV which includes a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients.</li><li>It is anticipated that marketing of the allotments will commence prior to settlement of the purchase of the Property and will continue during development with allotments to be pre-sold subject to titles being created.</li></ul>
<b>Settlement Risk</b> Once allotments are sold there is a risk that buyers do not settle on their purchase. There are risks associated with the validity and enforceability of the sales contracts and satisfying foreign investment laws and regulations. The sale and marketing to foreign buyers is considered to be a higher settlement risk than to domestic owner occupiers due to the lending criteria applied to different categories of buyers.	<ul style="list-style-type: none"><li>The marketing strategy for the residential allotments is intended to include a mix of direct selling to individual buyers and also selling to the local home builders, who on sell the allotments to their clients.</li><li>A law firm will be engaged to review and advise on the sale contracts and conveyancing process.</li></ul>

<b>Development Costs Risk</b> Budgeted development costs may be materially different to actual costs incurred by the Property Development.  Cost overruns or changes to anticipated costs may result in additional equity or debt funds being required, which may dilute or extinguish returns to Unitholders.	<ul style="list-style-type: none"> <li>Koplick Road SPV has engaged professional engineering consultants to provide an opinion on costs for the Property Development.</li> <li>It is anticipated that the civil contractor will enter into a fixed-time, fixed price construction contract with the Koplick Road SPV to reduce the risk to the Property Development.</li> </ul>
<b>Additional Funding Risk</b> Should the development costs increase, further debt and/or equity may be required to complete the Property Development.	<ul style="list-style-type: none"> <li>Koplick Road SPV has engaged professional engineering consultants to provide an opinion on costs for the Property Development.</li> <li>It is anticipated that the civil contractor will enter into a fixed-time, fixed price construction contract with the Koplick Road SPV to reduce the risk to the Property Development.</li> </ul>
<b>Development Delay Risk</b> If development is delayed, then this may lead to increased interest costs, reduced returns to Unitholders and a delay in those returns.	<ul style="list-style-type: none"> <li>It is anticipated that the Koplick Road SPV will seek to avoid delay risks in its construction contract with the civil contractor by entering into a contract which is fixed-time and fixed-price.</li> <li>A delay in the settlement of the Property sales may have an adverse impact on the Project returns and ultimately the interest paid to Unitholders.</li> </ul>
<b>Property Development Debt Financing Risk</b> There are risks with raising the use of debt finance to fund part of the costs of delivering the Property Development. The use of debt funding can increase investment losses.  The Koplick Road SPV has not yet secured debt funding for the Property Development.	<ul style="list-style-type: none"> <li>A condition precedent to the Trust subscribing for the unsecured notes issued by Koplick Road SPV is that the Koplick Road SPV have received an expression of interest from a secured funder to provide property finance and a construction debt facility outlining the terms and basis on which development and construction funding may be provided to the Koplick Road SPV and that those terms are satisfactory to the Responsible Entity.</li> </ul>
<b>Interest Rate Risk</b> There are risks associated with increases in interest rates impacting the cost of anticipated borrowings over the term of the Property Development.	<ul style="list-style-type: none"> <li>A condition precedent to the Trust subscribing for the unsecured notes to be issued by Koplick Road SPV is that the Responsible Entity be satisfied with the interest rate management on which development finance may be secured for the Property Development.</li> </ul>
<b>Counterparty Risk</b> There are risks associated with counterparties fulfilling their obligations including the potential for disputes between the Koplick Road SPV and the manager.	<ul style="list-style-type: none"> <li>The principals of CFMG Land are experienced in managing the delivery of developments such as the Property Development and operating the Koplick Road SPV.</li> <li>The Responsible Entity will closely monitor the progress of the Property Development.</li> </ul>
<b>Conflict of Interest Risk</b> A number of related parties are providing services to the Property Development and receiving fees creating a potential for conflicts of interest.	<ul style="list-style-type: none"> <li>The Responsible Entity has a conflict of interest policy for dealing with conflicts of interest.</li> <li>Should an event of default arise under the subscription agreement and the Koplick Road SPV does not remedy that default then the Responsible Entity will and is required to take action to recover the money owed.</li> <li>Both the Responsible Entity and its directors have a statutory duty to place the interests of Unitholders above their own interests where there is a conflict.</li> <li>The Responsible Entity will keep the Unitholders informed of the actions being taken.</li> </ul>
<b>Rectification Risk</b> Upon the completion of the Property Development, there are risks associated with defects in the residential allotments requiring rectification which may prove costly.	<ul style="list-style-type: none"> <li>Under the intended form of civil construction contract, the obligations of rectification works will rest with the contractor.</li> <li>The Koplick Road SPV is intended to have recourse to the contractor's bank guarantees to use towards rectification costs should the contractor not meet its obligations.</li> </ul>
<b>Documentation Risk</b> The interlocking arrangements involved in the Property Development and arrangements between the Trust and the Koplick Road SPV are governed by a set of legal documents and contracts which include the Subscription Agreement and Corporate Project and Asset Management Agreement. The risk of dispute over the interpretation or enforceability of the documentation may have a materially negative impact on the Property Development and distributions under the Koplick Road Units.	<ul style="list-style-type: none"> <li>The Responsible Entity will engage professional advisers including in the fields of law to assist in interpreting the agreements.</li> </ul>

## **TOWN PLANNING ASSESSMENT**

Professional town planning consultants have been engaged by the Koplick Road SPV as the consulting town planners for the Property Development.

The directors of the Responsible Entity note that a development permit has been granted for the Property Development which authorizes the development of the Property into 89 residential allotments.

## **ENGINEERING ASSESSMENT**

Professional engineering consultants have been engaged by the Koplick Road SPV to advise on the civil engineering, budgeted development costs, civil design and the servicing and development requirements for the Property.

The directors of the Responsible Entity are satisfied that in their opinion that there are existing services available to the Property or close to the Property to provide connections to storm water drainage, water and sewerage reticulation, electricity and telecommunications.

## **RELATED PARTY ARRANGEMENTS**

CFMG Land and the Koplick Road SPV are each related parties of the Responsible Entity as they share common directors with the Responsible Entity.

A common risk of related party transactions is that in the event of default, the Responsible Entity (or the Koplick Road SPV) may not enforce its rights against a related party. See sections 3, 8.19 and 8.20 of the PDS for information about our Conflicts Policy that governs the related party transactions we may enter.

Should an event of default arise under the subscription agreement and the Koplick Road SPV does not remedy that default the Responsible Entity will take action to recover the money owed. Both the Responsible Entity and its directors have a statutory duty to place the interests of Unitholders above their own interests where there is a conflict. The Responsible Entity will keep the Unitholders informed of the actions being taken.

The Responsible Entity has not sought member approval to transact with the Koplick Road SPV. The intended terms of the subscription agreement has been benchmarked to market and are in line with industry practice. On this basis, the directors of the Responsible Entity are satisfied the terms of the subscription agreement are on terms no less favourable than they would have been had the terms been negotiated between non-related entities dealing at arms length.

## **CONSENTS**

The following parties have given and not withdrawn their consent to be named in this SPDS in the form and context in which they are named:

- a. Koplick Developments Pty Ltd ACN 632 881 353; and
- b. CFMG Land Limited ACN 127 663 414.

# Fees and costs update

## Additional explanation of fees and costs

The information below is in addition to the disclosures contained in clause 5.3 of the PDS.

### Indirect Costs Ratio

The Indirect Cost Ratio (**ICR**) for the Trust is the ratio of the Trust management costs that are not deducted directly from a Unitholder's account, divided by the Trust's total average net assets.

The ICR for this Offer is expected to be 7.92%. Indirect costs are deducted from the assets of the Trust.

### Example of annual fees and costs for the Trust – for the first year

The table below replaces the table in clause 5.9 of the PDS.

EXAMPLE		BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR
Contribution fees	Nil	For every \$50,000 you put in, you will be charged \$0.
<b>PLUS</b> Management Costs	7.92% p.a.	<b>And</b> , for every \$50,000 you have in the Trust you will be charged <b>\$3,960</b> each year.
<b>EQUALS</b> cost of the Trust		If you had an investment of \$50,000 in the Trust at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of from <b>\$3,960</b> <b>What it costs you will depend on the investment option you choose and the fees you negotiate</b>

Note. The management costs above include the one-off 4.4% asset identification, capital raising and structuring fee which is charged only once at the commencement of the investment.

### Example of annual fees and costs for the Trust – for the second (and any subsequent) years

EXAMPLE		BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR
Contribution fees	Nil	For every \$50,000 you put in, you will be charged \$0.
<b>PLUS</b> Management Costs	3.52% p.a.	<b>And</b> , for every \$50,000 you have in the Trust you will be charged \$1,760 each year.
<b>EQUALS</b> cost of the Trust		If you had an investment of \$50,000 in the Trust at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of from <b>\$1,760</b> <b>What it costs you will depend on the investment option you choose and the fees you negotiate</b>

### Example of annual fees and costs payable by the Koplick Road SPV to CFMG Land Limited

Under the Project and Company Management Agreement the Koplick Road SPV is required to pay CFMG Land a Project Management Fee calculated at 2.2% of the sales revenues from the sale of the finished allotments plus a Company and Asset Management Fee calculated at 3.3% of those sales revenues.

For a \$50,000 investment in the Trust (and assuming the maximum \$3.0m in Units are subscribed for in the Trust and assuming third party equity of an additional \$2.0m is taken by the Koplick Road SPV), you will be charged \$4,176 in Project Management Fees and \$6,264 in Company Asset Management Fees over the life of the project. This projection is based on the total Project Management Fees and Company & Asset Management Fees calculated at 2.2% and 3.3% of a hypothetical total projected revenue of \$18,984,000 and assumes the maximum \$3.0m of Units are subscribed for under this Offer.

The above calculation also assumes the Koplick Road SPV raises the \$3.0m, investment by the Trust as contemplated under this offer plus \$2.0m in third party equity.

# Taxation

---

The following is a general summary of the expected taxation consequences for Unitholders, in holding Units in the Trust. The Responsible Entity is not licensed to provide taxation advice and cannot provide advice to specific Unitholders, Unitholder should seek advice on the taxation consequence of their investment which takes into account their personal circumstances, from a suitably qualified adviser.

On the basis that the sole activity and income of the Trust will be the acquisition of interest bearing unsecured notes, the Trust will qualify as a 'flow through' trust for taxation purposes.

The unsecured notes to be issued by Koplick Road SPV to the Trust will qualify as debt instruments and the interest payable on those will retain that character for Australian income tax purposes.

Under the terms of the Constitution of the Trust, the Responsible Entity must distribute the 'distributable income' of the Trust to Unitholders each year. Accordingly where the Trust has recognised income in excess of expenses for a year Unitholders should have an entitlement to their respective share of the income at year end.

In such cases taxation will not be payable at the Trust level but rather each Australian Resident Unitholder will be subject to tax on their share of the net (taxable) income of the Trust, and will be required to include this in their own returns.

In the case of a unitholder that is not a resident of Australia the Trustee would normally be assessed on the non resident unitholders behalf in respect of the non resident unitholder share of the net (taxable) income. However, where the sole income of the trust is interest, the Trustee will instead deduct interest withholding tax at the rate of 10% from interest amounts as a final tax. Unitholders that are tax residents, or are otherwise subject to taxation in other countries, should seek specific advice from a qualified advisor on foreign taxation implications.

The Responsible Entity will provide Unitholders with a tax statement after the end of each financial year.

## *Directors' Assessment of the Property to be developed*

<b>Property Address</b>	87-93 Koplick Road and 94-104 East Beaumont Road, Park Ridge QLD 4125
<b>'As is' or market valuation</b>	\$5.6 million
<b>'Gross Realisation as if complete'</b>	\$18,984,000
The Directors based on their experience in the property development business assess the Property – with the benefit of the existing development approval to be worth approximately \$5.6 million (exclusive of GST).
